Re. CC Docket No. 96-45 and Docket No. 02-6
Appeal of Universal Service Administrative Company – Schools & Libraries Division
Appeal Decision on Funding Request Number 1219689

To Who It May Concern,

The Catasauqua Area School District requests the Federal Communications Commission to review a recent appeal decision by USAC. We have sufficient evidence to prove that the denial of our recent appeal should be reversed. Details on our application are as follows:

Applicant Name: Catasauqua Area School District
Billed Entity Number: 125907
Form 471 Application Number: 440941
Funding Request Number: 1219689

As you will see in the enclosed USAC decision letter, they indicated that the provider is still listed as ineligible in USAC's database. Upon receiving this notice, I contacted the provider and they advised that they were later advised (after my initial contact to them) that, in addition to form 499, they had to file a form 498 to complete the certification process. This has now been done. Upon doing a search of eligible Telecomm Providers on the USAC web page today, Service Electric Cable TV & Communications (SPIN #143004559) does show up as eligible – please find a printout enclosed.

The decisions of USAC (both initial and on appeal) are understandable given the paperwork issues experienced by the provider. Given the fact that the provider is now certified as eligible by USAC, as well as the fact that other schools were approved for telecommunications funding by this provider, we would hope that the FCC would see fit to approve our funding and enable our district to benefit from this valuable discount program. Our students and staff will be benefit from this decision.

Note to Applicants: Please check the address information to ensure you are contacting the correct Service Provider.

The absence of a "Y" in the Eligible Telecomm Provider column may simply indicate that the company has not yet been researched by the SLD to determine if it is eligible to provide telecommunications services. Applicants are reminded that they should confirm this and all other information with their Service Provider.

Re: Applicant Name: CATASAUQUA AREA SCHOOL DIST
Billed Entity Number: 125907
Form 471 Application Number: 440941
Funding Request Number(s): 1219689
Your Correspondence Dated: November 10, 2005

After thorough review and investigation of all relevant facts, the Schools and Libraries Division (SLD) of the Universal Service Administrative Company (USAC) has made its decision in regard to your appeal of SLD's Funding Year 2005 Funding Commitment Decision Letter for the Application Number indicated above. This letter explains the basis of SLD's decision. The date of this letter begins the 60-day time period for appealing this decision to the Federal Communications Commission (FCC). If your Letter of Appeal included more than one Application Number, please note that you will receive a separate letter for each application.

Funding Request Number(s): 1219689
Decision on Appeal: **Denied**
Explanation:

- On appeal, you are requesting reconsideration of SLD's decision to deny this request because of the choice of an ineligible telecommunications service provider. In support of your appeal, you state that after receipt of the Funding Commitment Decision Letter, you contacted the service provider. The service provider stated that they had neglected to file a Form 499, which would have qualified them as an eligible telecom provider. They have since filed this form and were advised that they would now be considered eligible.
- Review of your appeal letter and all supporting documentation indicates that the above funding request was denied as the telecommunications provider you selected was deemed ineligible. Although the service provider has informed you

that they have since filed Form 499, the provider is still listed as ineligible in USAC's database.

- An Eligible Telecommunications Provider (ETP), a USAC term used for "telecommunications carrier," is an entity that provides telecommunications services, i.e., transmission services on a common carriage" basis. To be a telecommunications carrier, the carrier must (1) allow the customer to transmit information of its own design and choosing, without change in the form or content of the information, and (2) provide that capability for a fee directly to the public, or to such classes of users as to be effectively available to the public (i.e., hold itself out to serve indifferently all potential users).

USAC makes commitments for Telecommunications Services for applicants when the service provider is identified in USAC's database as an ETP; but, notwithstanding that identification, it is the service provider that is responsible for ensuring it meets these requirements in all instances of discounted telecommunications services. All telecommunications carriers are required under FCC rules to file an FCC Form 499A. By filing a Form 499A and checking at least one of the boxes on line 227, USAC may designate a service provider as an eligible telecommunication provider in its database. Since your appeal has not brought forth persuasive information that SLD has erred in its determination, your appeal is denied.

- Your Form 471 indicates that you selected a service provider that has not been designated as an eligible telecommunication carrier in the USAC database: Service Electric Cable TV and Communications. FCC regulations provide that telecommunications carriers are eligible for universal service support. 47 C.F.R. § 54.501(a). The FCC has determined that to be eligible to receive universal service support for telecommunications services, the provider must provide telecommunications services on a common carrier basis. Federal-State Joint Board on Universal Service, CC Docket No. 96-45, *Report and Order*, FCC 97-157 ¶ 134 (rel. May 8, 1997)

If your appeal has been approved, but funding has been reduced or denied, you may appeal these decisions to either the SLD or the FCC. For appeals that have been denied in full, partially approved, dismissed, or canceled, you may file an appeal with the FCC. You should refer to CC Docket No. 02-6 on the first page of your appeal to the FCC. Your appeal must be received or postmarked within 60 days of the date on this letter. Failure to meet this requirement will result in automatic dismissal of your appeal. If you are submitting your appeal via United States Postal Service, send to: FCC, Office of the Secretary, 445 12th Street SW, Washington, DC 20554. Further information and options for filing an appeal directly with the FCC can be found in the "Appeals Procedure" posted in the Reference Area of the SLD web site or by contacting the Client Service Bureau. We strongly recommend that you use the electronic filing options.

We thank you for your continued support, patience and cooperation during the appeal process.
